IN SINCERE APPRECIATION

MISS DEBRA COLBATH

When we first came to South High we were a group of high-spirited freshmen who did not know where to begin. As we grew, our ideas expanded — you were there to guide us in the right direction. Your dedication, patience, and constant energy has been the main source of our development as a class — as friends.

Patty
 Congratulations
 and much Success in
 your future Plans. It's
 been a pleasure dealing with
 you & your staff. Thanks for being as
 great as you are.
 J.F.J.

MR. JOHN F. JOYCE

To live and grow together as we have for four years has given us the chance to know ourselves better. The understanding and concern that both of you have shown for each of us is a memory that is never to be forgotten. Mr. Joyce, your fatherly guidance, and Mrs. Anderson's genuine warmth and friendship have meant so much. Your patience with our many tardies, absences, skip days and other wrong-doings has been phenomenal. Thank you so much for everything. We're going to miss you.

IN MEMORIAM

.....

DR. JOSEPH CHAPMAN MERRIAM
1894-1976

Physician, historian, Sherlock Holmes buff, and always a young man at heart, Dr. Merriam will be truly missed by all of his friends and professionals in Framingham. He was a life-time resident of Framingham and a graduate of Harvard Medical School. He was a member of the Framingham Union Hospital staff for 51 years, having served twice as president and having served also as Chief of Obstetrics and Pediatrics. Dr. Joe was truly an exceptional man — a twentieth century man, interested in young and old alike, and always quick with a smile and a good word. If anyone is deserving of the title "outstanding", surely it is he.

MR. JOHN C. WOODRUM
1921-1976

A member of the custodial staff at Framingham South for thirteen years, Mr. Woodrum was dedicated and loyal to Framingham South High. Mr. Woodrum was liked by all, especially the students, and he is truly missed.

LEONARD C. CLINTON
1959-1977

To Lenny,

If heaven is just an extension at a higher level of what we see here on Earth, then heaven is not solely an old people's home. It must also contain babies, toddlers, teenagers, and young people, as well as Methuselah and Moses.

When you go forth into your flower garden to pick a bouquet, you never select the withered and drooping flowers, but always look for the brightest and gayest blossoms.

Maybe God does that at times, too!

From your friends of the
Class of 1977

MR. MICHAEL M. VODOKLYS
1907-1976

To give of oneself; to share one's personality, knowledge, and experiences with as much enthusiasm as Mr. Vodoklys did is a gift rarely found in a person. For all of his friends, this gift is a treasure, a beautiful memory.

"To live in the hearts of those we leave behind is not to die."

I walk upon the sandy beach,
Waves breaking harshly on the shore,
Stopping as my feet they reach,
Taking time to look,

Yearning for where they should really be,
They slowly lapse,
Head back to sea.

to be free
that's that i'd like to be
to know my soul is as free
as the leaves that flutter off a tree

free to sit in a tree
and enjoy being me
free to liberate my mind
i wonder what i'd find

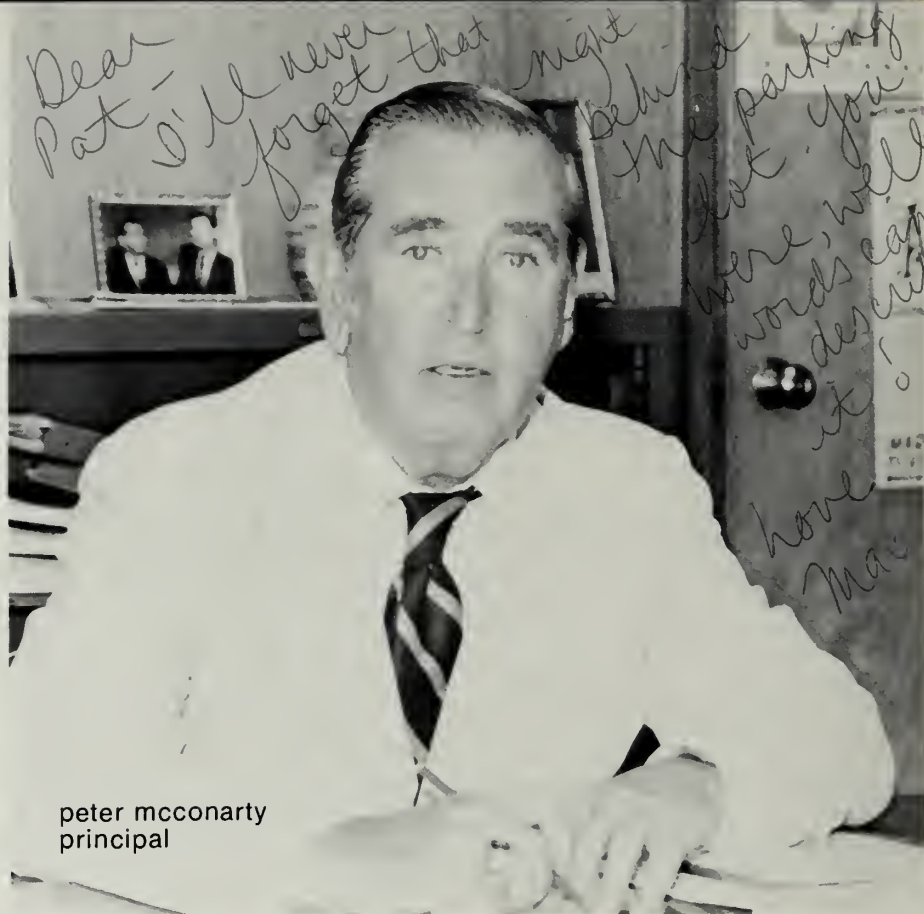

to be free
that's what i'd like to be
as free as the wide blue sky
i'd like to feel freedom's high

A YEAR IN FINLAND

When I first heard that I would be spending a year abroad, everyone asked me why I would do such a thing and miss my senior year with all of its fun and excitement. I had second thoughts at that time but now I know that there is no other place but in Helsinki, Finland. Sure senior year is great but where else but in Finland can one have the joy of running from a 200 F sauna into the frigid 35 F water. What this place does have is an air of excitement. Where else does the sun rise at nine fifteen in the morning and set at three fifteen in the afternoon. During the summer, the sun sometimes never sets at all. It is all in that great A.F.S. experience. I have made acquaintances here that I shall never forget. I have lived the Finish culture and spoken one of its languages. I do think that after all I have been through that it has been worth it. Robert Frost put it the best when he said, "Two roads diverged on a yellow wood. I took the one less travelled by and that has made all the difference."

Scott Miller

A VISIT TO THE U.S.A.

Last year when I learned that I had become a member of the A.F.S., I was the happiest person in the world. The A.F.S. is a great organization because it brings the people of the world closer and it creates a more peaceful and more friendlier world.

I was beginning to imagine the many difficulties that would be awaiting me in a new, far, and very different country. At first, my duty was to give opportunities to the American people to learn about me and my country. Then, my duty was to learn their language and their customs.

I have been in the U.S.A. for four months and I still have troubles. For example, the first is the language. I feel a lot of things and want to express myself but I cannot find the right words. It was also hard to get used to the foods, but now I like many of them; especially peanut butter and cold milk.

I have compared the American culture to my own and the best result was experience. I do not think I have learned enough yet. I must try harder to learn everything. When I have done this I know it will bring me a wonderful experience.

A SUMMER IN GERMANY

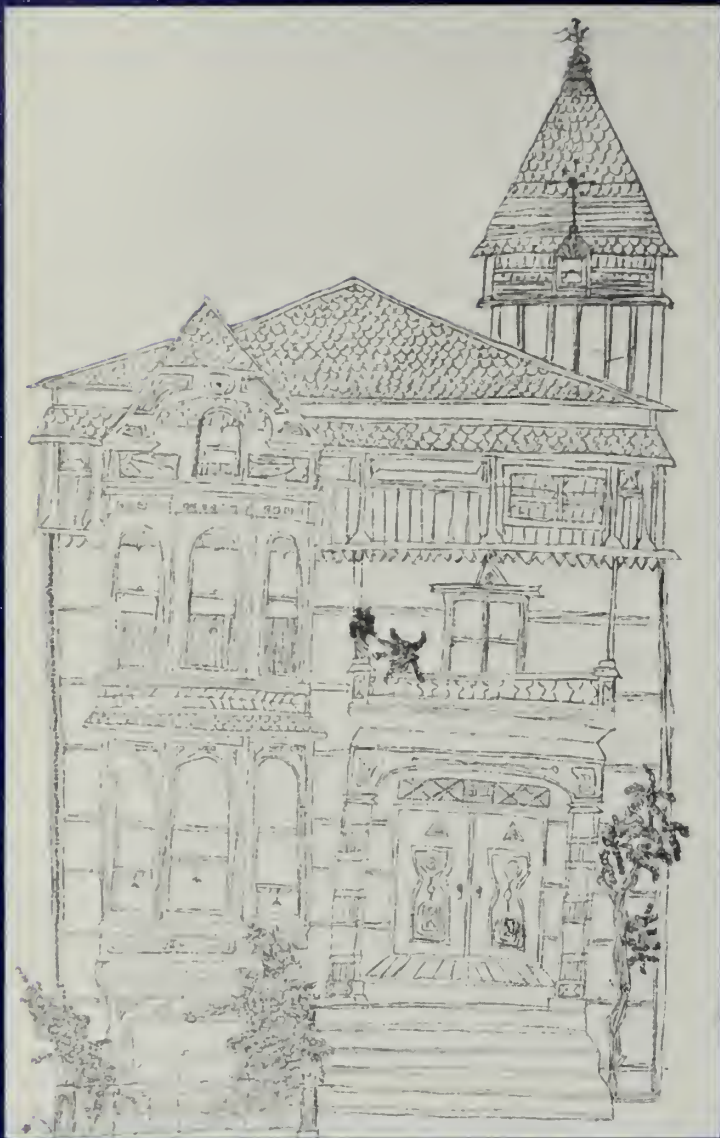

Living in a country separated by communist and non-communist beliefs helped me to understand better the A.F.S. slogan, "Walk together, talk together, O ye peoples of the earth, then and only then shall ye have peace."

However, exposure to politics was only a minute part of the exciting summer I spent in Germany. The immaculately clean cities, the abundance of beautiful flowers, and the precise, quick trains also captivated my attention.

I'll never forget the hospitality of the people with whom I lived and whom I grew to love. Thank you, A.F.S., for an enlightening experience.

Friendship

Friendship doesn't come overnight;
It takes many years to root — a tree —
It weathers on its long plight,
And is always free.

First, it starts as small as can be,
And then it grows with pleasure to see.
Money can't buy this valuable thing,
Although like a person a tree wears a ring.

Its beauty can only be seen in the "eyes of the beholder,"
As friendship and trees grow older and older.

It's never the same in any place,
And you can't rush it as perhaps a race.
No matter where it is,
It doesn't grow like a whiz.

As it grows older and stronger,
It will last not forever, but longer.
So breeze, breeze, blow us together,
In this lovely fall weather.

Spire

Many years have passed and a day
 Still we walk in the path
 That leads to the light
 Shining down on this great beyond
 Thoughts ignite us, let love unite us.
 Turn your face to the wind and taste
 his love within —
 You'll find a friend everlasting love,
 You can depend, everytime you smile
 You bless a child —
 Our spirit perpetuates — our spirit
 Meditates love and faith
 We must make our brothers see
 That the light is shining on you and me
 The land he gave
 Roads we must pave
 Through each other's eyes see
 Humanity will rise
 In love —
 And our spirit will
 Be at one with thee . . .

A Place To Be

Sometimes I go out to the field,
 Where no one is around,
 The grass towers like sprouting pillars,
 So I can't be found.
 The world around me is far gone,
 I think of things I felt,
 And though I can't see through the grass,
 I see inside myself.

My Mirror
You are called 'cute'
To attain this title you have made a
Slight fool out of yourself in front of the girls,
Until there is little distinction between the real you and the
Raving idiot in the halls
And you — you giggle for the guys
Barely stopping before your supply of air runs out.
And all this just to frantically generate some fond memories.

Interest in the language clubs is growing every year. We have been able to generate active membership and exciting activities in Italian, Spanish, German, and French clubs this year.

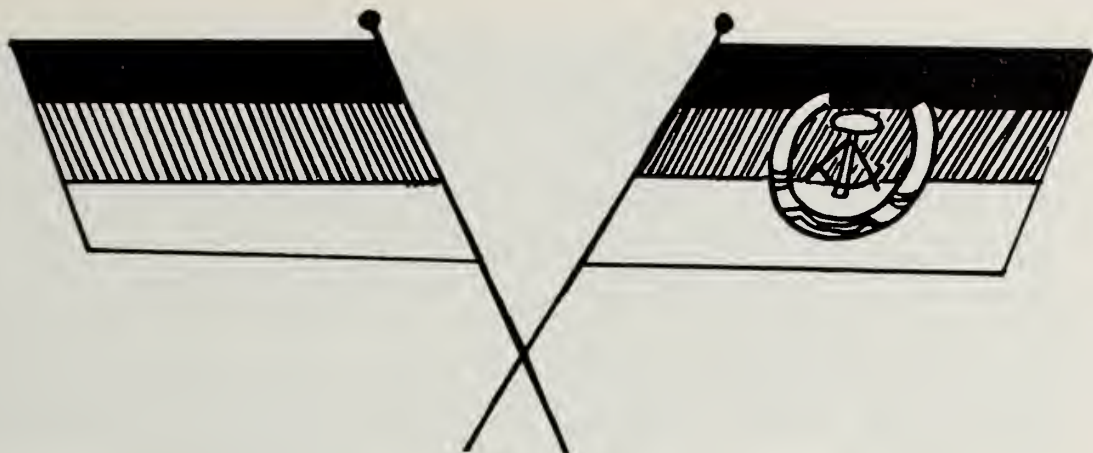

The Language Club Festival was a highlight of the year for all the language clubs. Songs and traditional dances of each country were performed and samples of the traditional foods, as well as many delicacies, were served. Many interesting and unusual events are being planned for the rest of the year including trips to the theatre and the opera, and to many well-known restaurants specializing in European delights.

The language clubs engage in many enjoyable activities, and ones that are culturally enriching as well. There is a general feeling of warmth, enthusiasm, and interest emanating from the language clubs this year that is sure to make them more successful than ever.

Adrian Graham:
An Accomplished Musician

Amidst the galaxy of South High students, there are a few shining stars to be found. One of these stars is Adrian Graham, a talented and dedicated musician. Adrian has applied his musical talents to the french horn, a mellow, complicated brass instrument, often considered the most difficult to master. One finds this hard to believe when listening to the beautiful music Adrian makes with seemingly no effort. For the past six years, Adrian has studied under Carolyn Panasevich, a teacher of Needham. Adrian has been a member of the Band and Orchestra, the Brass Ensemble, and the Jazz Band here at South for the past four years. He has earned the distinction of being the best french horn player in the Northeastern District and in the state. He has also been recognized as one of the best french horn players on the eastern coast this year, by being selected to play in the All-Eastern Orchestra. Besides participating in school related activities, Adrian plays in the Massachusetts Youth Wind Ensemble, the New England Conservatory Youth Chamber Orchestra and the Greater Boston Youth Symphony Orchestra. With GBYSO, Adrian has travelled to such countries as Columbia and Russia. As for the future, Adrian will continue to play his horn and he plans to further his education in Music. If his past record is any indication of what is to come, he can't help but be a success. We all wish him lots of luck.

NATIONAL HONOR SOCIETY

National Honor Society

The task of this year's National Honor Society was not only to undertake many new programs, but also to project a society that would truly reflect scholarship, character, service, and leadership by setting the standards for all the National Honor Society groups yet to be at South High. Under the direction of a team of highly dedicated officers and a patient advisor, NHS. endeavored to enlarge its scope by brightening several walls with original murals, volunteering at Cushing Hospital, originating a club bulletin and school calendar, and helping the S.M.A.R.C., as well as continuing the traditional Christmas Project. But of equal importance is the fact that N.H.S. was concerned about its own future as an honor society and worked diligently to create by-laws and to upgrade its standards for future members. From this year hence, it will be a special privilege and responsibility to say "I am a member of the National Honor Society."

ALONE

I always hear people talking about how their parties went over the weekend. When I hear all this, I just hate it. I like parties but, I could be just as happy sitting at home by myself. What I really enjoy is sitting on top of a big hill on a bright sunny day all alone. It is so beautiful just sitting there looking at all the trees and birds and watching the sky. People may say that I'm crazy for doing all these things but I have feelings like everyone else. I don't like to talk much. When I sit someplace with a group of people and don't look happy, I am. I just can't sit there like other people, talking and smiling all the time. I am very happy not doing anything. Sure, I like talking, but I get sick of doing what everyone else does. I also notice boys like every other girl and there is only one that I think is absolutely the greatest. He doesn't even know who I am, or that I even exist but that is cause I'm not like the others. Everyone is different. I'm different because I'd rather be alone.

Discovery

There's so much on this earth to see,
To feel,
To hear,
To want to be,
And so much more.

A lot of hate and fear it seems,
Plenty of promises broken,
Fragments of shattered dreams,
And so much more.

A lot of love and friends there are,
You count them by the score,
But to find a good friend
Is a discovery,
You'd have to try hard,
And want so much more.

This year's team was noted for its strong defense but was frustrated by its inability to score. However, the team crushed crosstown rival North, 14-0 in the highpoint of the season. Both on and off the field, the seniors, lead by co-captains Mike Ablondi and Mark Foley, exhibited great spirit and dedication which we hope will be carried on through the next season.

FIELD HOCKEY

We had high hopes for the team this year. Almost all of last year's Bay State League winning JV team had moved up to varsity. Unfortunately, though, as the scoreboard shows, we had some tough defeats. The team, however, remained in high spirits and two players in particular displayed All-Star winning talents. Senior Jane Brillhart and junior, Chris Duane, were chosen to play on the Bay State League All-Star Team, and they both did a fantastic job.

Great expectations were forcasted for the team this season, but due to the extreme competetiveness of the Bay State League, these expectations did not materialize. Rui Borges, leading scorer in the Bay State League, helped the Flyers through all of their hard work and determination to a rewarding season. The Junior Varsity team had a fantastic season which we hope will continue next year. YA GOTTA BELIEVE!!

Goodbye
 Goodbye is a finale
 of times gone by.
 Goodbye is the end
 of a relationship thought perfect.
 It's a time to say no more
 and feel no more,
 but why then do I still feel?
 Goodbye is hard
 at least for me
 How about you?
 Goodbye, goodbye,
 how I hate that word
 but I have to remember
 that goodbye, the end
 is also the beginning.

Class of 1977 —

Go placidly amid the noise and the haste, and remember what peace there may be in silence. As far as possible without surrender, be on good terms with all persons. Speak your truth quietly and clearly; and listen to others, even to the dull and ignorant; they too have their story. Avoid loud and aggressive persons; they are vexatious to the spirit. If you compare yourself with others, you may become vain or bitter, for always there will be greater and lesser persons than yourself.

Enjoy your achievements as well as your plans. Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time.

Exercise caution in your business affairs, for the world is full of trickery. But let this not blind you to what virtue there is; many persons strive for high ideals, and everywhere life is full of heroism.

Be yourself. Especially do not feign affection. Neither be cynical about love; for in the face of all aridity and disenchantment, it is as perennial as the grass.

Take kindly the counsel of the years, gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with dark imaginings. Many fears are born of fatigue and loneliness.

Beyond a wholesome discipline, be gentle with yourself.

You are a child of the universe no less than the trees and the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should. Therefore be at peace with God, whatever you conceive him to be.

And whatever your labors and aspirations in the noisy confusion of life, keep peace in your soul. With all its sham, drudgery, and broken dreams, it is still a beautiful world. Be cheerful. Strive to be happy.

Congratulations to the Class of 1977

We know the sigh of relief that comes at the end of your final exam. Long years of study behind you, and a big wide world ahead.

But even at that it isn't the final test — or the end of your learning. The biggest tests still face you in the choice and fulfillment of your life's work. Many plan for college, some must reckon with the armed forces. Others will seek positions in industry, trade, business. We, at Dennison, congratulate you on your past accomplishments; if your future plans call for steady employment or summer work, we'll be glad to discuss your problems with you.

Our Employment Department will welcome the chance to outline opportunities existing in our offices, factory, and warehouse.
